WELCOME TO PINNACLE

PINNACLE is a KHDA approved innovative training center for Child Skill Development, Competitive Exam Preparation, Professional Development, Human Capital Development, Public Trainings and Corporate Trainings

We train people to inspire minds and transform lives.

PINNACLE collaborates with organizations to build, on-field training experience in various disciplines of education, management, technology, accounts and finance. We inspire and train leaders of tomorrow from all over the UAE and the Middle East through our positive initiations, awareness programs, effective professional development, skill development programs and sustainable community growth.

At PINNACLE, we offer custom tailored services that will apply to your situation when it comes to consultancy, training, and education. By understanding your needs and considering your expectations, we shall develop solutions to meet your current challenges. Our services are heavily based on research, innovation, and best practices.

PHILOSOPHY

Since ages immemorial, Pinnacle marks the most successful point, the summit or the top. Striving to help people reach the greatest heights possible and discover the power of their true potential is the core of our philosophy.

“If you want one year of prosperity, grow grain;
If you want ten years of prosperity, grow trees;
If you want a hundred years of prosperity, grow people.”
~ Ancient Chinese Proverb

OUR FOUNDER

PINNACLE Innovation and Education was formed as an innovative academy specializing in child skill development, professional development and human capital development.

Mrs. Humera Khan, Founder, and Managing Director of PINNACLE Innovation and Education is currently pursuing Doctorate of Education at the British University in Dubai. She is a passionate individual who always strives for the overall human development. She believes that every individual has the potential to excel.

Mrs. Humera Khan along with the support of highly qualified and proficient trainers, began to use her experience to enhance human capital growth by creating innovative skill-building opportunities at PINNACLE.

Through PINNACLE, Mrs. Humera Khan intends to make people future-ready by providing valuable opportunities for real-life learning. Her aim is to provide education that empowers individuals with knowledge, skills, attitude, values, and ethics in the field of their own interest and passion. She believes that lifelong learning can contribute significantly to the individual's overall well being, understanding of the real-world environment, and enriching as a community, nation and a planet.

Our 7 Core Values

We always strive for **EXCELLENCE**

Excellence fuels our progress; we give our best and aim for success in every endeavor we take. The services we provide are designed professionally and are delivered with high quality.

We believe in **STRATEGIC PARTNERSHIP**

We build genuine relationships with our employees, clients and other business organizations with an aim to develop and grow together.

We work with **INTEGRITY**

We are sincere towards what we do. Our work principles are embodied in honesty, clear communication, respect and confidentiality. We value our clients and shall work with a true pursuit to always meet their needs.

We empower **LEADERSHIP**

We believe that every individual has the potential to lead. We encourage people to take ownership of their learning, not just through responsibility but by individual experimentation.

CREATIVITY is evident in all our services

We believe in innovation and try to do new things with utmost creativity. We dream, design and execute for future readiness and success..

Our **PASSION** drives us further

We are highly interested in all our activities and are self-motivated to perform better at work. We love what we do and have committed to give our job, the best we can.

TEAMWORK makes our Dream work

We are a Team that respects, trusts and cares for each other. We articulate and operate within a core set of values; provide clear direction and a sense of purpose; value the contribution of each team member and build on each others' strengths and manage each others' weaknesses.

ABOUT PINNACLE

Our Purpose

TEAM PINNACLE relates to the Vision of His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of the United Arab Emirates, and Ruler of the Emirate of Dubai, by promoting a spirit of entrepreneurship, enhanced educational attainment, and knowledge-based economy driven by innovation, research, science and technology.

At PINNACLE we believe that every individual is special and each one of us forms the foundation of our community. We aim to positively inspire every life with the true values of humanity. With this sincere intention, we articulate client-centric educational and professional training services, combining the benefits of technology.

Moreover, we also aim to develop our client's future by providing learning opportunities of imagination, design, and execution. We shall strive with a true pursuit to become one of the best educational service providers in the nation for child skill development, professional development and human capital development.

Our Team

TEAM PINNACLE is a unique and diverse blend of University Students, Proficient Trainers, Educationists, Businessmen, IT Professionals, Doctoral Researchers, and Professors who aspire to reach the pinnacle of their educational and professional interests. Through our holistic and innovative approach towards learning, TEAM PINNACLE aims to address the 21st century needs and solve the current and futuristic real-world educational and professional challenges, faced by many of us at our homes, schools, universities, and workplaces.

FOUNDATIONS

Our Vision

To be an exceptional global leader in upskilling the people to become future ready.

Our Mission

PINNACLE is a catalyst to develop individuals as lifelong learners, who experience the power of their true potential and are ready to face the bold challenges of the future.

Our Promise

To employ innovative ideas to deliver remarkable training experience at an affordable fee.

Our Values

We are strongly grounded in the principles of integrity, passion, creativity, excellence, teamwork, leadership and strategic partnership.

About Certification Body.

KHDA Certificate

Upon completion of the course the trainee shall receive a course completion certificate attested by the KHDA (Knowledge and Human Development Authority, Dubai, UAE).

The KHDA (Knowledge and Human Development Authority) is a governing body solely responsible for the development of the quality education in Dubai. With a vision of supporting happiness and well being of students, parents, schools, universities, educators, investors and government partners, KHDA has acted as a facilitator of high quality learning across the educational landscape in Dubai (UAE).

CORPORATE TRAINING

Today, the entire business arena is full of competitive organizations. Every brand is striving against each other to grab the best spot in the industry.

The success of an organization depends highly on the people working in it. We believe that training is one of the best investments an organization can make towards its employees' growth and development. Finding the right training partner for this high-stakes job is crucial!

Pinnacle is determined to enrich your organization with the best and wide range of custom-tailored Corporate Training Solutions in UAE. We design our training to address your challenges and meet your team's training needs.

To capture the optimum growth, it is important to be an effective team player. The members of the team must know what the latest trending skills are and how to update these skills to thrive in the present times. Our training solutions enhance the efficiency of the team members to achieve their individual goals in line with the organization's goals.

Additionally, we have a pool of seasoned trainers who are certified by KHDA and other certifying bodies to ensure that powerful training is conducted through real-life workplace scenarios. The Pre and Post-assessments are specially designed to gauge the knowledge gap covered during the training sessions and to further suggest the improvement plans. With interactive training aids like role-play, group discussions, videos, activities, and games, our proficient trainers deliver the best training experience to fulfill the training needs of your team.
